

**TUNING** [gDGBD] key of E minor

**SOURCE** Boys of the Lough

**ARR.** Jean-Louis Thiry

## McMAHON'S REEL

Clawhammer style

a

b

*Some things which have to be worked out before learning this tune :*

Drag your index (or middle) finger over two contiguous strings

The triplets are quickly done as above and ends with a thumb note. A lick which gives an easy way for playing jigs or slip jigs

There the measure starts with a quarter note silent then the fifth string is played by the thumb

*Add your own variations there, I'd like to see it!*
